Education

Software Industry and Multimedia (SIM)

Alexandria University

2022/10 – present | Alexandria, Egypt

- USAID Program Scholar

- Current Sophomore, CGPA:3.83

- **Relevant courses:** Data Structures, Software Engineering, OOP, Web Development, Data Base, and Multimedia.

- Enrolled in the Supplemental English Intensive Program(AUC),
English Level: B2

Professional Experience

She Code Africa Program

Software Engineer Participant

2024 – present

- Participate in She Code Africa, a non-profit initiative empowering women in tech across Africa through mentorship and community projects with Google internships.
- Enhance my software engineering skills via target workshops, contributing to community-driven software solutions.
- Network with female tech professionals, gaining insights into tech industry trends and professional development.

Projects

Harry's Maze

Game Development Course (Grade: A)

- Developed "Harry's Maze," a sophisticated two-level maze game.
- Engaged in a collaborative team setting
- Employed Unity for game development and C# for crafting game mechanics.
- Showcased proficiency in software engineering, teamwork, and creative problem-solving.

FIFA World Cup Ticket Reservation System .

OOP Course (Grade: A)

- Led the design and implementation of a Java-based ticket reservation system for the FIFA World Cup, leveraging Object-Oriented Programming to enhance user experience and system efficiency.
- Developed advanced features for seat availability checks, stadium, and match selection, with rigorous input validation to ensure accuracy and completeness of user reservations.

PHARAEANA

Website

Web design for academic project. it contains 6 connected pages. It is about booking trips to visit ancient places at Egypt

Skills

Programming Languages:

- JAVA | Python | HTML | CSS | JS | Basics C++

Adobe Illustrator | Adobe After Effect

Organizations

Semicolon Project

Member at Tech committee

- The project's goal is to teach programming to interested students through lectures and providing materials.

Bosla
